Interdisciplinary Teaching Strategies

Broadening our focus, the HMREC will provide a breadth of resources and pedagogical techniques to examine the history and legacy of the Holocaust from different perspectives, disciplines, and grade levels.

You will have a chance to hear from those who experienced the Holocaust, as well as guest speakers who will address perpetrator behavior, sociological perspectives of the Holocaust, and pedagogical strategies for making relevant connections with modern day genocides since the Holocaust.

Teachers will gain relevant connections to today's issues of social justice and will be able to present a meaningful curriculum to their students.
